Introduction

ASIL SERVICES INC, established 1987. An SBA Certified HUBZone, EDWOSB, Native American, Women Owned, Small Business, DBE and 8(a) GRADUATE servicing Northern Virginia, Washington, DC and Maryland. A Full service task oriented general contractor specializing in the commercial construction industry. ASI has a complete task organization to successfully compete, bid, win government and civilian sector construction and management projects. Almost 30 years of operation, ASI has consistently provided for the best quality leadership, craftsmanship, personnel from top to bottom within the organization to better serve customers and see things from their point of view.

General Contracting

ASI's primary focus the Government and Commercial construction markets. A full service task oriented, turn-key General Contractor specializing in Design/Build, tenant renovations, traditional bid build new and renovations, SCIF Construction/Decommission and other specialty construction. While provide estimating, budgeting services as well as project management and design consulting services.

Design Build Construction

ASI has performed numerous design build projects for renovation and new work in commercial and heavy highway markets. Working very close with our team members, to include A/E's, subs, consultants and suppliers to provide a high level of quality and customer satisfaction on all of our projects.

Mission Critical and Specialty Projects

ASI provides complete turn-key solutions: design, construction, accreditation of mission critical and specialty facilities. Through our extensive pool of highly qualified Architects, Engineers, Subcontractors, consultants and suppliers, while providing solutions for single source projects and programs.
